

**Ordering of Diagnostic Studies and Consultations**

We are here to help you receive the best care available. We may feel it is in your best interest to order a diagnostic study or to refer you to a specialist that would be particularly suited for your issue. When we place this order or consult, we will fax the facility your information and the order. We will provide you a paper copy of the order which has the contact information on it. It is your responsibility to either have the test performed or to make an appointment with the consultant. If you have any difficulty scheduling the test or consultation, please let us know and we are happy to assist you. If you do not hear from us within 1 week of your test or consult, please call us to inquire about the results. Please call us at any time if you have a question or concern.

Thank you,

Jason Boole

I understand it is my responsibility to make sure that I proceed with the diagnostic study or consultation as recommended by Dr. Boole. I also understand that I must call for my results if I am not contacted within one week of the test or consult.
